To Whom It May Concern:

Ms. Bonnie Ross-Parker filled in on three days notice for one of our breakout sessions speakers, who had emergency bypass surgery the Monday before our 7th Annual Tri-State Human Resources Conference. Ms. Ross-Parker did an excellent job and received outstanding evaluations from the attendees. Her presentation was listed more than any other breakout session as the one that stood out the most at our conference.

Ms. Ross-Parker's topic was "Are you a Savvy Networker?" The attendee comments reflect her exceptional presentation ability.

- "This is an outstanding speaker – she would be a good Keynote in the future."
- "I loved that her ideas can be applied to all areas of my public life – not just work. She was great!"
- "Great Information. Great Energy."
- "Kept us interested and alert, and gave good practical advice and info."
- "Very motivating."
- "Best session ever!"
- "Networking – it was interactive, energetic, and informative."

I found Ms. Ross-Parker to be very fun to be around and she is very professional too. I am certain that Ms. Ross-Parker will always exceed your expectations and make a big impact on those who hear her presentations. I heard lots of attendees just raving about how great her presentation was.

Sincerely yours,
