Dear Mrs. Ross-Parker:

I cannot thank you enough for your speech "Think B.I.G." given at the FIRST ANNUAL N.E.W. SUCCESS CONFERENCE. You were chosen because you are a member of N.E.W. and an internationally known speaker. The Crossing Bridges Conference presentation you made last year in Nuremburg, was the primary reason I selected you. As a member of Atlanta Women In Business, I heard how well you did. At my conference, your professionalism was outdone only by your enthusiastic delivery.

The arrangements for your presentation, the details with pricing and book sales, were made with ease. Your cogent comments on conference planning proved helped too, as I was a virgin event planner going into this concept. In the post conference comments, several attendees mentioned your speech as a highlight for them. Your reputation is preceding you – a most desirable and enviable position.

May you receive many more speaking engagements as a result of being our keynote presenter.

Best regards,
