Recommendation

Dear Bonnie,

We would like to personally thank you for your inspiring contribution to our Crossing Bridges Conference in Nuremberg on April 15-17, 2005. Your talk to the international group of participants was a major factor in making the event such a great success.

Especially your 5-minute-pitch encouraging people to share one big idea with each other when exchanging business cards helped everyone connect effectively and have fun at the same time. The exercise you integrated in your talk also contributed to the spirit of the conference, adding a wonderfully lively touch at the end of an intensive day. All who were present walked away with new great ideas about how to make every connection count.

We appreciate your coming all the way to Germany for this event and look forward to connecting with you in the future!

Best wishes
